

BROCKEN ECO

HIGH-PERFORMANCE CPU COOLER

Specifications

Specifications Heatsink

Part number	84000000106
Dimensions	126x088x150mm (incl. fan)
Weight	600 gr. (incl. fan)
Heatpipe	4x6 mm Heatpipe
Fins	Aluminum
Baseplate	Gapless HDC

Specifications Fan

Dimensions	120x120x025 mm
Operating Voltage	12 VDC
Speed	500 - 1500 rpm
Airflow	111,14 m ³ / h
PWM Function	Yes

Alpenföhn® Brocken ECO

With the Brocken ECO we proudly present the compact version of our bestseller Brocken 2. The design of the heatsink matches with the layout of Brocken 2.

By reducing the overall dimensions to 126x88x150mm the latest member of the Brocken series is extremely compact.

The ideal performance of the Brocken 2 is ensured by using the new 140mm WingBoost2 premium fans that come with the cooler. With the new aerodynamically revised s-shaped wing geometry and the new WingBoost's we both could increase the airflow as well as improve the static pressure at lower noise.

The RockMount mounting system ensures a simple and secure installation of the cooler on the sockets 2011, 1366, 115x, 775, AM3(+), AM3, AM2(+), AM2 and FM1.

Accessories

- Mounting material for Intel:
775 / 1366 / 2011 / 2011-v3 / 1156 / 1155 / 1150 / 1151
- Mounting material for AMD:
AM2 / AM2+ / AM3 / AM3+ / FM1
- Thermal compound
- 4 x Wire clip
- 8 x antivibration rubber buckles
- 1 x Manual

Key Features

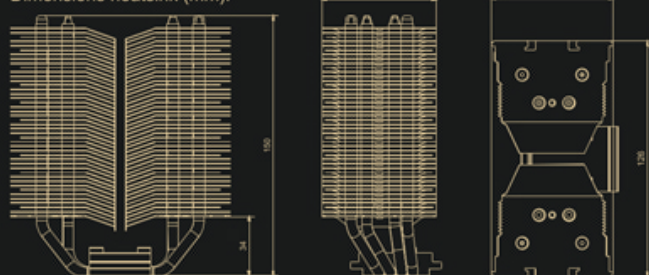

- Massive 160W TDP
- Asymmetrical dual radiator design
- 120 mm WingBoost 2 PWM fan
- RockMount mounting system

Logistical Data

Name	Brocken ECO
EAN-No.	4250280300239
RRP	29,90 €

Minimum Case Requirements

Dimensions heatsink (mm):

To make sure that the Brocken ECO fit in your case please measure the distance from the top panel. If this distance is bigger than the height of the cooler +30 mm it should be no problem to install the Brocken ECO.
