Alpenföhn Matterhorn Rev. C – White Edition

Alpenföhn enters again the next level and presents the „Matterhorn Rev.C White Edition“.

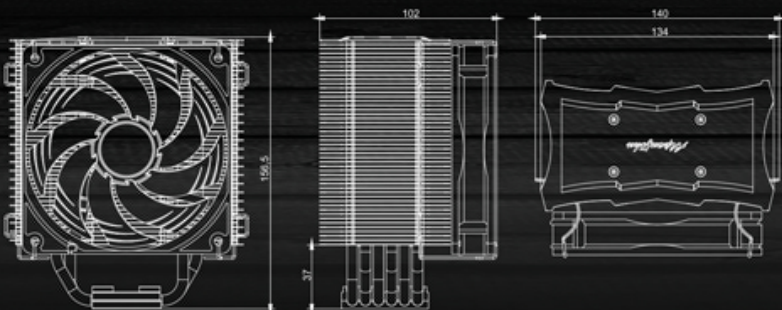

Highest manufacturing quality, a snow white finish as well as multiple features make this cooler the best solution for any application.

The ideal performance of the White Edition is ensured by using the new 120mm WingBoost2 premium fan that come with the cooler. With the new aerodynamically revised s-shaped wing geometry and the new WingBoost's we both could increase the airflow as well as improve the static pressure at lower noise.

The included ultra-high-performance thermal grease Permafrost makes this deal perfect and guarantees the best possible cooling for CPUs in socket 2011, 2011-v3, 1366, 115x, 775, AM3(+), AM3, AM2(+), AM2, FM1 and FM2

Minimum Case Requirements

Dimensions (mm):

To make sure that the Matterhorn Black Edition fit in your case please measure the distance from the top panel. If this distance is bigger than the height of the cooler +30mm it should be no problem to install the Matterhorn Black Edition.
